Powerful Tools to Build Rules-Based Trading Systems

1:30 PM – 2:30 PM

Powerful Tools

Rules-based trading has gained considerable popularity in the investing community.

Rules Base Trading

Why should I consider it at all?

1. Free up time
2. Reduces Stress and Emotion
3. Produces better results

Powerful Tools

Trading System Viewer is a great place to look for fully created rules-based trading systems that are already put together for you.

*Or,
you could create your own.*

Powerful Tools

Here are the tools to get started:

1. QuickTest
2. QuickFolio
3. BackTest

Powerful Tools

QuickTest

Provides a fast way of testing the performance of a group of stocks over a selected time frame.

Powerful Tools

Quickfolio

Creates a stock portfolio in just a couple clicks from any stock list in the program.

Powerful Tools

BackTest

Provides a fast, convenient way of establishing the efficacy of the strategy and the ability to refine performance using money management techniques.
